Profile of Skills

I am very hard working and reliable. I am enthusiastic about learning new skills, which I will pick up quickly and efficiently as a fast learner. Attention to detail is important to me, I like to complete all tasks to the best of my ability. I have excellent people skills, and feel competent to communicate in a professional manner.

Education

Harrow Way Community School (2018 – 2023)

GCSE Subject

Mathematics	5
English Literature	5
English Language	5
Science	5-5
Geography	4
History	6
Media Studies	9
Photography	6

Work Experience

I am currently employed at McDonald's, Weyhill Andover, and have been for the past 9 months. My role as a McDonald's Crew Member is very diverse including responsibilities in food preparation and packaging, monitoring stock levels and cleaning the work stations and floors to an excellent hygiene standard. This position has improved my skills in teamwork, organisation, problem solving and remaining resilient under pressure.

Other Experience

Specific to my passion for film and television from October 2023 to June 2024 I volunteered as an Assistant Director, Camera Operator and Clapper for 5 episodes of the Frightseers web series by Haunted Friend Productions and directed by Geoff Harmer. Due to this being my first film set I learnt

a lot of things about how the sets and the people on them work and also about how everyone has to work as a team to get the whole of the production process to go as smooth as possible.

Achievements

I have numerous achievements, of which I am very proud. For 6 years my family and I have hosted a large village coffee morning for Macmillan Cancer Support, generating hundreds of pounds for charity. Recently, I also followed through with one of my passions; researching, purchasing and building my own computer and custom keyboard from scratch. I use these for both academic and personal use. Additionally, I have the ability to use Adobe Photoshop to an advanced level, as well as Adobe Premier Pro to a competent level. Lastly, I taught myself to play a variety of songs on the piano.

Hobbies and Interests

My hobbies include regularly going to the gym, and studying/playing chess. I am passionate about the creation of films; therefore, I enjoy going to the cinema and watching both new and old movies. I like to read various genres of books, ranging from comics to non-fiction, as well as playing video games.
