[fraseryoung1234@gmail.com](mailto:fraseryoung1234@gmail.com)

I am Manchester-based and looking for entry-level jobs in production. I have worked as a freelance producer and videographer on commercial online content and short films.

## **SKILLS**

Confident Shooter with Sony FS5

Basic FCP, Adobe Premiere, After Effects, Cash Handling, Managing Talent & Crew

## **EXPERIENCE - Commercial Content Creation - 2017-2020**

While studying at university and following graduation I produced promotional video content for various businesses and brands. Including:

### ***Promotional Content - WOMAD Music Festival - 2017***

I worked independently to film and edit three videos alongside the marketing team.

### ***Explanations of Vaccinations - NHS and Public Health England - 2018-2019***

I wrote and produced two informational videos explaining vaccinations to secondary school and primary school children using a mix of animation and live-action.

### ***Client Testimonials - Avaya and 4net Technologies - 2019***

I filmed and edited interviews at the Avaya offices, as well as writing and asking interview questions.

## **OTHER EXPERIENCE**

### ***Producer - Like it Is - Short Film (2017)***

I organised putting together a crew, hiring actors, booking locations, making up risk assessments and call sheets.

### ***Producer - lost in the noise - Documentary Series (2019)***

I developed four fifteen-minute documentaries featuring the experiences of an asylum seeker, sexual assault survivors and the perspectives of disability. I worked in a team to come up with set-design, interview questions, lighting setups and budgeting, as well as choosing participants and designing studio spaces.

### ***Producer - Julian Conway My Life as a Dancer - Short Film Documentary (2019)***

I was invited to join this shoot during the development period as a more experienced producer and made sure all elements of the production ran smoothly.

### ***Location Marshall - Culprits - TV Series (TBC - Shot 2022)***

I worked as a Location Marshall on the Disney+ series while they were in Manchester, my role involved looking after keys and codes, and working to keep things moving.

## **EDUCATION**

Falmouth University - BA (Hons) Film 2:1 - 2018
