Costume Trainee / Daily

Personal Statement

After taking some time out of the industry to bring up my family, I am excited to pick up where I left off. I have experience in dressmaking, and I enjoy coming up with new designs and adapting patterns. I am confident with my sewing machine skills as well as hand sewing. I also have experience dressing in TV, theatre and events.

Whilst I was raising my children, I trained to be a childminder and saw an opportunity to set up my own day nursery which was opened during the pandemic in 2020 and is now a successful 56 place day nursery, which employs full time staff. The success of St Alban's Preschool Nursery has allowed me to take a step back to pursue my career in T.V And Film.
