# Eugene Gorochovas

## Professional summary

Production Assistant at ATC Films. TV Studio and Media Technician at Leeds City College. Writer, Director and Editor of personal independent productions. Competent in post-production workflows involving editing, organising dailies, deliverables and colour-grading. Currently pursuing to learn and assist on professional productions.

## Work History

### TV Studio Technician - Leeds City College

02/2022 - Current

- Liaised with the marketing department and delivered creative briefs on schedule
- Shot and edited a student dance performance to promote the course and college (Canon EOS C100)
- Shot and edited 3 interviews to promote the Art & Design course at Quarry Hill (Blackmagic Ursa Broadcast Camera)
- Helped students articulate their creative vision via both hardware (camera & lighting) and software (editing & grading)
- Learned industry TV equipment: TriCaster TC1 live-cut system, Green-GO intercom, Datavideo Teleprompter, ETC Element 2 lighting console, Behringer X32 digital audio mixer

### Production Assistant and Colourist - ATC Films

11/2021 - Current

- Edited interviews & product reviews
- Colour-graded shorts and one feature film on schedule
- Assisted in script development, casting and budgeting on a feature film
- Organised rushes, maintained required technical formats and specifications, previewed and gave feedback on rough cuts
- Explored narrative expression with the director and creative team via rhythm, pace, colour, aesthetic and technique
- Established a professional relationship with a client, planned the material and production, then directed, shot and edited a green screen business launch video for the client amidst strict deadlines. (Blackmagic Ursa Mini Pro 4.6K)

### Short - Film

#### Writer, Director, Editor and Colourist - Independent Production

09/2020 - Current

- Directed crew and professional actors
- Created an authentic period piece set in 1916
- Collaborated in all key departments of the production
- Executed a vision from page to screen on a tight schedule & budget
- Managed entire production process with limited resources & support

### Student - Work

#### Director & Editor - Northumbria University

10/2020 - 12/2020

- Utilised Blender (VFX software) to create geometric and kaleidoscopic abstractions via mathematical nodes and particle parameters
- Applied editorial principles such as rhythm, tone, emotion & story
- Constructed audiovisual stimuli for a hypnotic viewing experience

#### Writer, Director & Editor - Northumbria University

01/2020 - 04/2020

- Created an 8-minute narrative soundscape
- Explored sound design & its relationship to storytelling
- Successfully worked with actors remotely due to COVID-19 outbreak

#### Director & Editor - Northumbria University (2 projects)

11/2019 - 12/2019

- Visually recreated a scene from Pi (1998) to learn lighting, lenses, composition, blocking, and other DP responsibilities in a practical manner ( **1** )
- Created chemical reactions and portrayed them as microscopic molecules via lens choice, colour temp, exposure and other in-camera settings ( **2** )
- Worked with high-end equipment: PXW-FS7/PMW-F5 | Samyang primes | LED panels/DEDO lighting kit and lighting accessories

#### Producer - Northumbria University

09/2019 - 12/2019

- Supervised health & safety practices
- Monitored production time, schedule and deadlines
- Ensured call sheets, shooting schedule, waiver forms, location agreements, and consents were signed and regulated
- Managed financial responsibilities such as budgeting and allocating resources
