

Full Road Closure(s) (Click to expand)

Where the physical closure of a road(s) is necessary for a substantial period of time; this is the most restrictive (disruptive) form of traffic management. Where a through road is closed a diversion route will routinely need to be agreed. Consultation must be carried out with those directly affected, for example a joining premises, the emergency service and the West Yorkshire Combined Authority (where the road(s) involve a bus route)

Name of road(s) this applies: *Please list all the name(s) of the roads this applies too*

Date:

dd/mm/yyyy

*If your event is over multiple roads, please select the earliest and latest time across all roads.*
