Profile

A friendly, engaging and passionate creative that excels in team-based environments. Able to quickly adapt to any environment and work to the best of my ability amongst strangers and friends alike. Detail orientated and highly motivated to produce the best work in any given circumstances. Technologically proficient with software and hardware, very keen to learn more and expand my craft. A multi-tasker who often goes above and beyond to get the work to the highest standard it can possibly be at. Regularly exceeds expectations and always reliable to help out wherever or whenever I am needed.

Experience

Writer/Director/Cinematographer

- Created and led multiple projects across different mediums, including Film, Theatre and Radio. Often managed crews of up to 20 or more.
- Managed the paperwork and relevant safety checks of each production. Distributed required paperwork to each individual crew member, worked with multiple departments to ensure that everyone is comfortable and accounted for.
- Fluent in Script Writing, understand the key differences between the different mediums and formats when writing.
- Key experience working with BlackMagic cameras, specifically the Pocket Edition 4K and it's associated accessories. Fluent in camera operation and understand the visual eye that you need to have in order to create effective shots.
- Knowledge of Social Media Platforms for promotion and formatting.

VIDEO EDITOR

- Six years' worth of experience and growth in Video Editing. A lot of it self-taught and expanded across multiple projects.
- Proficient in Premiere Pro. Effective in DaVinci Resolve and basic level knowledge and experience within the wider Adobe library, including Photoshop.
- Worked across different mediums and genres, creating short form and long form content that are attuned to a variety of platforms.
- Working knowledge of aspect ratios, formatting for different mediums and sharp editing to keep engagement on short-form content.
- Key experience handling data and formatting/storing appropriately. Ensuring that all takes are labelled and formatted correctly for both storage and my own use when editing.
- Clear knowledge of color grading and sound editing to ensure that all aspects of the video work in conjunction and result in the best possible outcome. Can use in-software systems but often outsourced to Reaper for sound editing.

Sales – GAME (Fraser's Group)

- Provided excellent customer service to anyone who entered the shop. Using my technical and cultural expertise to ensure that they get the best experience and make the best purchase for their needs.

- Consistently responsible for the maintenance and cataloging of new deliveries, ensuring that the right amount has been sent but also filling out relevant paperwork/administration to relay back to head office.
- In constant communication with the managerial staff, both in and out of work hours. I always took extra shifts when I was available and offered my help when people were sick or they needed extra help during a big launch.
- Worked between two different stores, one of which I often took on extra managerial duties such as opening and closing the store, working solo shifts, performing the money processing at the beginning and end of the day. I worked in conjunction with the head office and the Sports Direct we shared the space with to provide a service that benefited the customers, the store and the co-workers around me.

Online Film Reviewer

- Created a Film Blog where I review what I've seen on a weekly basis.
- Cross posted to multiple social media sites and constantly trying to gage the algorithm in order for it to appear more frequently in people's feeds.
- Focus on the technical and storytelling aspects of the films, I constantly try to make use of my industry standard training in my analysis of these films. Always want to shout out the often-overlooked departments such as the costume or editing or cinematography departments.

Volunteer

- Volunteered at Burnley Community Kitchen when it was opening.
- Assisting with cleaning up of the site, ensuring that it is in a presentable condition when it opens. Stacking the shelves with the food and organizing the layout of the site.
- Provided key technical support when setting up the entertainment sections of the site. Specifically setting up the games console, the television and streamlining it to the optimal and comfortable experience.

Education

Liverpool Institute for Performing Arts – 2:1 BA Degree in Filmmaking and Creative Technologies.

Thomas Whitham Sixth Form – B in English Literature and Language, C in Psychology and C in Sociology.

Blessed Trinity RC High School – 8 GCSEs at A* to C
