PROFILE

As a creative visual effects artist with nearly two years of in-house VFX experience, I specialise in creating high-quality, cinematic shots using Premiere Pro, Photoshop and Nuke. With experience working on multiple BFI indie films, marketing and advertisement projects and live event visuals. I am confident I can deliver exceptional results under tight deadlines. I thrive in collaborative environments and am committed to continuously learning and staying on top of emerging trends and technologies in the media industry.

Proficient in: Nuke, Houdini, Photoshop, Premiere Pro, Substance, ZBrush, Maya.
Experience using: Da Vinci Resolve, After Effects, Illustrator, 3D Studio Max.

EMPLOYMENT HISTORY

May 2023 - Feb 2025

Visual Effects Artist and Editor, Search Intelligence

Oxford

- Worked on several marketing and advertisement projects for a number of clients such as Howden Insurance.
- Collaborated with the media department to supervise greenscreen shoots and VFX-intensive projects.
- Oversaw editing projects from inception to completion, having full creative editing control for several projects .
- Managed daily reviews and feedback meetings to ensure projects were on track with final deadlines.

Jan 2021 - May 2023

Compositor & FX Artist, Freelance

- Delivered high-quality compositing and visual effects for multiple BFI indie films, including "Dead Girls" and "Rouhi."
- Directed and managed a team of 20 artists for the short film "The Archivist," overseeing the project from pre-vis to final delivery.
- Utilized Houdini for particle simulations and Maya for 3D modelling and texturing, for music videos and fashion shows.
