SELECTED CREDITS 2025

About Rob:

With over a decade of experience, Rob is a seasoned Digital Imaging Technician and Dailies Colourist whose expertise spans across notable mainstream platforms such as the BBC, ITV, Netflix, Amazon, and HBO. His broad skill set not only covers comprehensive DOP support and data management but Rob also has vast professional experience in post production including editing, VFX/CGI and colour grading. Rob also has extensive experience working with high end cameras such as the ALEXA 35 and its advanced colour workflow and the SONY venice.

Professional Objectives:

Rob aims to streamline and secure data management processes, providing robust technical support to Directors of Photography. His focus is on enabling and preserving the DOP's artistic vision from onset capture through to post-production, ensuring the final output resonates with the creative intent of the project.
