## About me

I am a camera trainee and runner with a passionate commitment to cinematography. I can work calmly and at pace in intensive workplaces, always willing to work hard to the best of my ability. I have worked as a runner on two broadcast series helping assist the camera crew and volunteered on a number of film sets. I have done courses with Create Central Bootcamp and The Princes Trust.

"Aaron is hard working and always keen to learn. He has become a popular member of the crew assisting with the kit. I would highly recommend him."  
Sarah Eglin, Executive Producer
