## ABOUT ME

I am a TV and Film graduate currently expanding my knowledge by pursuing an MA in Media Production at Birmingham City University. I have experience with software including Adobe Premiere Pro, After Effects, and Photoshop. I am also familiar with camera operations and planning shoots. My passion lies in media production, and I aim to combine my technical skills with my love for media production. Additionally, I advocate for greater inclusivity in the media industry for individuals with disabilities.

## ACTIVITIES AND INTERESTS

- Football
- Playing video games
- Watching film and television

## KEY SKILLS

- Professional understanding and use of Adobe Creative Suite
- Thorough with attention to detail
- Friendly & courteous
- Cope well under pressure
- Punctual & on time
- Organisational skills
- Technical with MacOS and Microsoft Windows systems
- Willing to learn new skills
- Expertise with Microsoft Office

## EDUCATION

### MA Media Production

Birmingham City University  
2024 - present

Building on my background in film and television production, this course enhances my expertise in cinematography, video editing, and digital storytelling. It provides hands-on experience with industry-standard equipment and software, refining my skills in post-production, sound design, and creative content development. The program also emphasizes collaboration and real-world production practices, preparing me for dynamic roles in film, television, and digital media. Completed a BAFTA albert sustainability module and passed, giving me knowledge about production sustainability.

### BSc (Hons) in Film and Television Production Technology/BTEC HNC & HND in Media Production

Walsall College | Staffordshire University  
2018 - 2021

Camera Op for Brave New Beast (formerly Lumina Studios) through a university project involving a 32-hour shoot for a short film (Sept 2020 - Jun 2021). Set up camera equipment including choosing lenses and camera angles. I also planned and rehearsed shots and worked with other departments.

Acquired skills in video editing for various formats, including television, short films, and music videos.
