

CARMEN BROWN

RUNNER

PROFILE INTRO

I am a creative and driven individual with a passion for Film & TV. After completing my first High End TV position I am now looking for further experience in the industry, ideally as a Floor Runner or Art Department Runner. I consider my sense of initiative, positive attitude and willingness to learn my best assets. I am eager to progress and continue my journey in HETV & Film and would be very open to expanding my experience and assisting in productions such as commercial & music videos.
