## Camera Trainee

### Personal Profile

Graduate of Film and Media Production, recognised with a Royal Television Society achievement for Camera Work, seeking entry level work in the camera department for film & tv production.

### Media Experience

I have worked on a variety of projects most recently a three-part series for ITV where I worked primarily as a covid runner but also had the opportunity to work as a Camera Trainee, covering for a colleague in the camera department. This job gave me insight into the technical skills required to be a trainee and the level of communication for a professional and high-pressure environment. I have also worked on corporate projects as a self-shooting operator providing a different perspective and enabling me the independence to plan my own shoots and pitch ideas to clients.
