PERSONAL PROFILE

With over 10 years of experience in film and TV, I have developed a diverse slate of film and TV work. My knowledge and experience allowed me to mentor the 2021 BFI youth academy in the SW of UK.

Projects I have worked on have gone to receive world wide popularity with multi-million viewed shows on YouTube, Disney+, Paramount+ and Amazon. My latest film, 'Doubt Buy The Whiskey' tackles important subjects about mental health and imposter syndrome within the arts, starring the voice of the Whitcher- Dough Cockle.

My practical skill set allows me to be a driven and motivated part of the production department. By combining the technical and creative with the business I have built myself into a well-rounded filmmaker and creative professional with an unstoppable motivational drive.

TALKS AND MENTORING
