Work Experience

Assistant Cameraman

I shot live footage for the Tilbury FC matches as well as interviewed players and coaches of the club.

The equipment used to film the match was a Canon xC 10 and a monopod.

Below is a YouTube link to one of the matches I shot.

Video trainee

Marvel-London

September 2024 to September 2024

A two day paid role on the Fantastic Four the first steps, I was a video trainee for the film set, my responsibilities were to assist and set up the video monitors and make sure they weren't in the camera's viewpoint.

Videographer

April 2024 to April 2024

Non paid voluntary role as a videographer and photographer for a fashion show gig, the content is featured in my showreel which you will find in the YouTube link

BTS photographer

London

January 2024 to February 2024

I was a BTS photographer for an upcoming Nick Love movie "Marching Powder" I took photos and videos of the set as well as interviewing cast and crew such as Nick Love and Danny Dyer, this role was provided to me by my former education, Barking and Dagenham College as a non paid voluntary role, originally my role was sound assistant, while I did appreciate at least having a role in the film I didn't feel as though I was really active on the role as all I was doing was checking on cast and crew to make sure they don't make any noise while shooting, I had decided to go up to the director himself and asked him if I could be a BTS photographer for the set, I was accepted the role, I'm proud I did this as it showed that I was really hungry for this and shows just how much I wanna be involved in these film sets
