Full and clean driver's license, with car.

Summary

I'm seeking an entry-level role as a Production or Floor Runner in unscripted or scripted film and television. I've worked on numerous projects within HETV, short films, music videos and commercial work. These experiences have given me a solid understanding of set operations and how different departments collaborate.

Organised, punctual, and confident in fast-paced environments I'm reliable for location runs and transport. I'm ready to contribute wherever needed, striving to go above and beyond on every production.

Production Experience

Location Marshal

Peaky Blinders – HETV | March 2026 - Present

- Managed pedestrian and traffic control to ensure public safety and uninterrupted filming operations.
- Locked off designated areas to maintain secure, controlled environments during live takes.
- Assisted with coordinating movement of cast, crew, and vehicles across active set locations.
- Supported location team with maintaining set cleanliness, including litter control and reset between takes.

Runner

Solar Ace – Commercial | September 2025

- Assisted with long-distance driving for cast and crew, ensuring smooth transport and logistics.
- Helped capture behind-the-scenes photos and videos for social media campaigns.
- Assisted across departments, supporting cast and crew to ensure smooth operations on set.

Runner

Deadheading – Short Film | Aug 2025

- Worked on a large-scale production with notable talent such as Kevin R. McNally.
- Ran morning coffee and lunch errands, keeping the cast and crew fed and hydrated.
- Assisted across departments, supporting cast and crew to ensure smooth operations on set.

1st Assistant Director

Destruction – Student Short Film | May 2024

- Took initiative to manage crew catering in the absence of a designated runner - collected dietary requirements and allergies, then sourced and provided tailored meals for the team to keep morale and energy high.
- Coordinated all production paperwork, including call sheets and shooting schedules, ensuring smooth daily operations on set.
