2020 — 2021

Lion Social | Currumbin Waters, Gold Coast

### Content Lead

For 18 months, I was the Content Lead at (previously) Gold Coast based marketing agency Lion Social. Over my period at this agency, it was my role to direct and produce all of the photo and video needs for their clients. I crafted an array of facebook & instagram ads, online courses, sales videos, training videos, short documentaries & more. I learned what it takes to work full-time in a creative role and gained an enormous amount of experience over my time there.

2018 — 2019

Eastmount Studios | Burleigh Waters, Gold Coast

### Production & Editing Assistant

Early on in my filmmaking studies, I met Josh from Eastmount and started assisting him on commercial video productions and editing. Although the work was sporadic, it was my first taste of commercial filmmaking and I learned a tonne about how to properly organise a video production, how to execute it and how to maintain great client relationships.
