### SUMMARY

I am a creative, dependable, technically minded and detail-focused individual looking for production runner and production office opportunities in the film/TV industry. I have a decisive, logical, imaginative, passionate and practical approach for providing solutions. I was selected for the Create Central and Mission Accomplished training course, TV & Film Fusion and graduated from the course in September 2024. I am resourceful and responsible with good software, media, craft, editorial and technical skills. A strong communicator with experience of working with others as part of my youth work. I am able to effectively work within a team and independently.
