## Summary:

- BA Film graduate from Bournemouth University.
- Focussed on production design and editing throughout the degree.
- Attained high grades through dedication and an ability to apply skills in a cooperative environment.

## Education:

BA (Hons) Film, Bournemouth University, **First Class Honours**

Three A-Levels including an **A in Film Studies**

Seven GCSEs including a **Level 6 in English and Maths**

## Specialist skills:

- Editing skills including a strong knowledge of Premiere Pro
- Writing and Research skills developed from writing short stories and scripts.
- Comprehensive IT and Social Media skills.
- Production Design skills including Sketching and Set Design.

## Transferable skills:

- Communication and team working skills developed from working as a waiter.
- Organisation and the ability to work under pressure.
- Negotiation and problem solving within a team.

## Experience:

Worked on production teams at University to produce short films which received very positive feedback and good grades. Responsibilities included script writing, risk assessments, production design and editing.

Completed an internship with a marketing company. I was responsible for creating content which featured on their YouTube channel and receives thousands of views consistently. I filmed at many locations and edited this footage into short tourism videos which provided me with extensive videography experience.

## Hobbies/Interests:

I enjoy going to the cinema with friends and discussing our thoughts on various films. As well as this, I enjoy travelling and take any opportunity to see new places and try new things. I was part of a football team for over three years and enjoyed the comradery and exercise which came with this.
