## PRODUCER

### A BIT ABOUT ME

I am a creative and ideas driven Producer who has enjoyed screenings at prestigious festivals such as Edinburgh International Film Festival and Encounters Film Festival as well as Royal Television Society Award nominations.

I'm an Art School graduate, with a creative ambition for unusual and provoking films, with a slate of shorts and features in development, including "Mud" a project funded for initial development by Creative England, The BFI and BBC FILM as part of iFeatures3.

I have excellent Line Producing and management skills from a background in freelance production work with The BBC and SKY, and major music promos.

I am also an Associate Lecturer in Film Production at Manchester Metropolitan University.
