PROFILE

I am a creative and outgoing individual and recent graduate of Design for Film and Television at Nottingham Trent University where I have fuelled my knowledge and passion for a career in the film industry. I have a lifelong devotion to design, film and television and my creativity and imagination is the driving force of my life. I have outstanding attention to detail and a great eye for character, as well as a passion for working within a team environment. My skills, dedication and determination will make me an invaluable employee.
