

Mr Fraser Boyd - Freelance Props Dresser / Standby

• Email fboydproduction@gmail.com • Mobile: 07502256989

I started working freelance in the music and live events industry in 2010, During that time I have also worked in the nuclear, petrochemical engineering sectors and stage erection roles in live music venues.

Since 2019 I expanded more into TV & Film work as more roles have become available in the Scottish region.

I started initially working in the Grip Dept but having made friends in the Prop Dept I've made the switch over to more Dressing and Standby Props roles.

Below are example productions I have recently worked on. Further details and references are available on request.
