- Simple python code knowledge

PROFILE

I am new to the creative industry and I hope to be a part of it as I get older. I hope to work on a film set; whether it be behind the camera, being a production assistant or even becoming a producer/director all i aspire to do is to be a part of creating something, and to do this I would like to start out by becoming a production runner. I am highly organised and work well in busy and stressful environments, as well as in roles that keep me on my feet. I have a proven track record of organising my time and prioritising tasks, and would love the opportunity to employ these skills in a production environment.

WORK EXPERIENCE

HOSPITALITY FLOOR RUNNER

Blundells Hill Golf Club

June 2025 - Present day

- I can serve an abundance of beverages and food.
- I am able to manage the rush hours/more stressful parts of the day with friendly and efficient customer service.
- I am also able to set tables as well as present things neatly.
- With this job I am also used to be on my feet for many hours of the day.
