I am a sound recordist with over 20 years' experience working in the UK and around the world. My early career was spent as a staff sound recordist at Anglia Television but seven years ago I went Freelance. I currently have bases in Norfolk and London.

I particularly enjoy working on factual documentaries, but also have considerable experience in other areas, including commercials and corporates. I am well motivated, capable of working quickly but sensitively, and I like being part of a team.

I have a my own kit, a full driving licence, Public Liability Insurance and have recently been CRB checked.
