## SUMMARY

A self-motivated individual with hands-on experience supporting independent film shoots and large-scale live events. From building a racing drone, to setting up wedding receptions I'm excited to apply my skillset to new production challenges. I'm looking for a stimulating traineeship to kick start my career.

---

## INDUSTRY EXPERIENCE

### **The House on Lidderman Street (Independent Feature)** | Production Runner

Oct – Nov 2024

- Assisted production manager by creating call sheets, managing food budget & scouting locations
  - Supported key grip and gaffer with transportation of technical equipment, ensuring timely shoot preparation
  - Shadowed camera department (1<sup>st</sup> and 2<sup>nd</sup> AC's), whilst coordinating across other departments to maintain schedule
- 

## PREVIOUS EMPLOYMENT

### **Tully's Tulip Festival** | Barista & Steward

Apr – May 2025

- Managed high volume service (20+ customers at peak) with efficiency
- Balanced stock-taking, cash-handling & customer disputes with professionalism
- Acted as festival steward & brand ambassador, ensuring a positive guest experience whilst adhering to health and safety protocol

### **Warwick Castle** | Events Host

Sep - Nov 2024

- Coordinated set-up of wedding venues and corporate events, liaising with event planners to deliver beautiful presentation
- Managed event schedules, ensuring smooth transition between receptions, dinner service & entertainment.
- Waited black-tie events, delivering premium guest experience through strong interpersonal communication

**Cubbington Primary School | Teaching Assistant & Midday Supervisor**

Sep 2020 – July 2021

- Delivered tailored Maths and English sessions to Year 5 pupils during COVID, adapting curriculum delivery to aid children with special learning requirements
  - Provided individual progress reports to class teacher, tracking academic performance using new educational software
- 

**TECHNICAL SKILLS**

- Microsoft Office Suite (Excel, PowerPoint, Word)
  - Adobe Premiere Pro & Adobe Spark
  - Photography (Canon EOS 200D)
  - Python Programming Language
- 

**QUALIFICATIONS**

**BSc Physics (Imperial College London)**

Oct 2021 - 2024

- Lead a team to design and build a racing quadcopter drone. Careful planning, research and execution. Managed project financials through Excel and collaborated with Imperial Drone Society to bring in expertise. Achieved a 1<sup>st</sup>.
  - Completed BSc Thesis on the viability of asteroid mining. Synthesised information from journals and academic sources & presented findings to expert panel. Achieved 2:1 overall.
-
