SUMMARY

I graduated from the University of Central Lancashire in Screenwriting and have written many scripts during that time period, for homework and in my free time. I've also attended the BFI Craft Skills course where I produced a short film. I took two TV Production modules where I helped in the pre-production and production of a TV Episode. Including preparing the schedule/budget, hiring actors and filming using three high-tech, 4K cameras and a vision mixer in a professional TV Studio.
