Brighton/London

I have a background in various roles working across multiple formats ranging from entertainment, factual, live performance and film. Working in a variety of areas, has allowed me to gain invaluable experience and knowledge along the way, which I aim to continue building on. Working in other fields before joining the media industry, I acquired many transferable skills which have allowed me to develop a well-rounded skill set. With a proactive and positive attitude on set, I have always integrated well into crews. I have a full clean UK license with my own transport and experience driving large vehicles, a UK Passport holder with extensive experience travelling and driving abroad in remote locations.
