LinkedIn: <https://www.linkedin.com/in/daniel-cato-522892198/>

Key Achievements:

- Came first in a national film and television competition 2018 for the NFTS (National film and television school) against other schools in my area. This was to create a promotional video for my college.
- Created and hosted my own event in my local school and raised money for charity.
- Completed the NCS (National Citizenship Service) to gain communication skills and broaden my knowledge in social skills, signed by Theresa May current Prime Minister of 2016-22.
- Acquired first aid training and completed CPR training course via NCS.
- Participated in the creation of a video advertisement for the bank of England.
- Over 20 hours of community service.

Employment History:

February 2019 – Present

Retail Assistant

Hobbycraft

- Managed time proficiently to ensure all tasks were completed efficiently.
- Built customer service and social skills to ensure customers left the store satisfied.
- Learned problem solving skills to ensure customer queries were resolved systematically.

Interests and hobbies:

I am keen to play a sport called airsoft this is a military simulation sport and helps improve team skills and communication with others. I enjoy creating films within the media sector. Having an idea come to life just from a thought, it is awe-inspiring. As a director, I love ensuring these ideas come to life through the lens of a camera. I also enjoy taking apart and creating computers, learning about the new technology they provide and finding out how new equipment works. This allows me to keep up to date with current technology.
