Summary

A prosthetic makeup artist with 3 years of training and experience through gaining a Bachelor of Arts Honors Degree in 'Media Makeup' - specializing in creature and character transformations. Before attending University, I was employed at a bar/restaurant part-time for 1 year. During my employment, I was rapidly promoted to assistant manager as I proved I was able to work flexible hours, independently and under strict time constraints. I am constantly looking for new opportunities to hone my skills as an artist, whilst simultaneously satisfying customer needs.
