

SAM PIPER

Camera Trainee - Production Trainee

Mobile: +44 07979 156055 - **Email:** sampiper22p@gmail.com
Full UK Driver's Licence - British Passport - iVisa

Personal Profile: A proactive and detail-driven Camera and Production Trainee with a BA (Hons) in Film Production- Cinematography and over three years of on-set experience supporting professional shoots across broadcast and commercial work. Having worked full-time with Mad Dogs Television as a Kitroom Technician, I've developed strong practical skills in camera preparation, rigging, equipment maintenance, and data management, with a clear understanding of the demands of fast-paced productions. Now seeking to apply this foundation within the film and high-end TV sector, I bring a strong appreciation for on-set discipline, continuity, and collaboration across departments. Known for being calm, organised, and eager to learn, I take pride in supporting senior crew, maintaining equipment standards, and contributing to the smooth and safe running of set operations. Passionate about cinematography and storytelling, I'm keen to develop my technical and creative abilities under experienced teams in feature film and HETV production environments.

Equipment Familiarity: ARRI Alexa (Classic, Mini), Sony (PXW-FX9, FX6, FX3, FS7 II, A7S III)

Lighting & Grip: Studio and location lighting setup and maintenance; familiarity with common grip and rigging equipment

Data Management / Post-Production: ShotPut Pro, Hedge, Adobe Premiere Pro, Adobe Bridge; proficient in data wrangling, file management, and media logging
