

## SUMMARY

Aspiring Post-Production and Colour Grading Specialist with hands-on experience producing and editing short-form video content for community groups, radio organisations and digital platforms. Skilled in shaping visual narratives, enhancing colour and tone, and delivering polished edits under tight timeframes.

Proficient with industry tools including DaVinci Resolve Studio, Final Cut Pro, Sony Vegas Pro and Lightroom Classic, with a growing interest in colour science and advanced post workflows.

Brings strong organisation, teamwork and creative problem-solving, backed by a Software Engineering degree and a passion for visual storytelling.
