Personal Statement:

I have gained great social and transferable skills by previously working on small low budget films/ corporate shoots and working as a store assistant at Sainsbury's supermarket for 4 and a half year. I'm very passionate and driven by film making and feature and HETV drama. So far, I've gained experience in the Locations department, but I'm very interested in experiencing the Directors Assistant and camera departments. I feel like the transferable skills I've learnt so far could be used in these departments advantage, at the same time making me learn more about the industry as a whole.

HETV and Film Experience:
