DanielNorman350@gmail.com

I'm a creative and organised Film and TV production graduate with a real passion for storytelling and behind-the-scenes work. I've gained hands-on experience supporting production teams – from coordinating schedules and equipment to handling paperwork and assisting on location. I'm confident working with others, enjoy problem-solving, and I'm always keen to learn something new. I've also explored how Artificial Intelligence (AI) is changing the entertainment industry as part of my studies. I am confident when using software like Adobe Creative Suite, Microsoft Office, and Google Workspace.

Skills

Communication Skills • Teamwork • Time Management • Information Technology • Adobe Creative Suite • Microsoft Office Suite

Experience

Daventry Volunteer Centre / Freelance Video Producer

DECEMBER 2025 - JANUARY 2026, Daventry, UK

Planned, filmed, and edited a complete video project for a local volunteers centre, overseeing all stages of production from pre-production planning to post-production editing. Handled camera operation, audio, storytelling, and final delivery, producing a professional video that showcased the centre's annual event.

University of Northampton / Supporting Artist & Talent

MAY 2024, Northampton, UK

Taken part in producing behind-the-scenes content that the university can use to promote the advert that occurred over the two days, while being a talent for two sections of the advert.

Final Major Project / Producer & Runner

MAY 2023 - MAY 2024, Northampton, UK

Researched the impact of Artificial Intelligence in higher education and the news sector; the video was a 15-minute participatory documentary. Later, post-production processes and videos were distributed to social platforms.

The Frank Bruno Foundation / Producer & Runner

JUNE 2022 - JANUARY 2024, Northampton, UK

Responsible for pre-production paperwork for a resource video to share with service users and the broader community through their Facebook

channel. When on location, I assisted the camera operator in helping organise interviews with service users and the company director during the shooting.

Changemaker Media Unit / Production Manager

MAY 2022 - OCTOBER 2024, Northampton, UK

Produced pre-production paperwork for numerous productions, such as producing paperwork for videos for Barclays Bank and the University of Northampton Kit hire department. This later expanded to helping multiple charities in Northamptonshire, like Reach the Health and NBCT.

Noiser Podcasts / Research

JULY 2020, Online

During the Covid-19 outbreak, I participated in helping the podcast company research the history of Warner Brothers for a week.

Hobbies & Interests

- **Projects:** Since late 2021, I've been working on a website to help individuals earn PlayStation Network (PSN) trophies. My aim is to assist them with acquiring trophies while enhancing my communication and organisational skills. Connecting with others has made their gaming experiences more enjoyable and fulfilling.
- **Volunteering:** During my time at university, I had the incredible opportunity to collaborate with various charities, creating dynamic videos that showcased their community support initiatives. It was fulfilling to bring their missions to life through engaging content for social media, helping them connect with and inspire a wider audience.
- **Photography:** I really like to capture all the moments of my life with my camera. Whilst photographing, I like to consider all aspects, including outside lighting, shadows and lens requirements. I edit and pre-edit these images to ensure they are of high quality. This enhances my eye for detail and creativity.

Education

University of Northampton

SEPTEMBER 2021 - MAY 2024, Northampton, UK

I acquired a bachelor's degree in the BA Creative Film, Television & Digital Media Production course and received a grade of 2:1.

Activate Learning College - Banbury

SEPTEMBER 2019 - AUGUST 2021, Banbury, Oxfordshire, UK

I completed the Level 3 Extended Diploma Film and TV Production / Creative Media Production and Technology course, and also my GCSEs in English Language and Maths, and I got a grade of 4.
