summary

Passionate and creative film student with a strong foundation in filmmaking, video production, and storytelling. Experienced in aspects of film production, including directing, cinematography, editing, and screenwriting. Skilled in using industry-standard software and equipment. Eager to apply knowledge to real-world projects in a professional environment.

education

Current student at high school
Looking to take film studied for my A-levels and potentially university later on as well.

Skills and experiences so far...

January 2026

Matches | Short Script

- A 10-minute short film script exploring the evolution of relationships as we grow older
- Took two weeks to write and edit. Was an independent piece

July 23-25

Volunteering at library | charity work

- I spent 2 hours a week for 2 years volunteering at my local library creating posters for events on photoshop and illustrator, and even creating physical displays across walls with days notice
- I worked closely with regular customers and the staff, building relationships and adapting to different jobs between sorting books and DVDs, and creating promotional materials.

July 2025

Work experience at Boden | Fashion/ design experience

- Alongside my textiles GCSEs, a three day work placement at the clothing company Boden helped me gather an understanding of a different aspect of the industry with sourcing and marketing which is easily applicable to many aspects of film.

January 2026

Volunteering at local cinema | media/ film and arts

- Weekly volunteer at community cinema gives me a greater depth and understanding of film and media as a whole making me useful to collaborate with others

additional skills

- Adobe Premiere Pro, Adobe photoshop and illustrator and passion for films and a desire to learn hands on
- Storytelling and creative writing skills and working collaboratively in a team environment
