Don't Look Down	Nick Bennett	Nick Bennett	Focus Puller	Arri Alexa	VeryMuchSo

I have been working in the film and television industry as a member of the camera department for over 19 years.

I have an NVQ Level 2 as a Clapper Loader and have enormously extensive experience having loaded thousands of 35MM and S16MM film mags.

As an assistant on projects with smaller crews I have operated additional cameras, and have also helped with lighting setups and laying track.

I own a TV Logic VFM-058W 5.5in HD Monitor with accessories available to hire.

I have worked in the sweltering Indian sun and on the top of the bitterly cold Yorkshire moors.

I love my job and I take great pride in performing to the best of my ability and endeavour to attain the highest standards. I love the camaraderie of a set and working with people who expect the best.
