## ABOUT ME

I am a current University of Worcester student enrolled in Film Studies and Film Production. I want to combine my skills and gain experience in the media industry. I am enthusiastic about art, especially in Film/Media and I have an interest in media that explores the idea of girlhood and womanhood, a theme that is present in my research dissertation. In my free time I enjoy going to the cinema and to art galleries. I like writing reviews, particularly about films, TV shows, and books. My other hobbies include poetry and photography, two arts that allow me to explore different ways to tell stories.
