Events

- Co-curated, organised and promoted a film festival showcasing features and shorts by filmmakers from all over the world. All of these screenings included Q&As with the directors.

Will Mackenzie – Runner

I am a resourceful runner committed to assisting filmmakers. As someone immersed within and fascinated by the arts, I am constantly expanding my cultural reference to feed my creative inspiration and professional ambitions. Martin Scorsese's film *Hugo* awakened a deep interest in filmmaking, leading me to pursue a degree in Film Production at Arts University Bournemouth. Gaining hands on training in the filmmaking discipline has given me a detailed understanding of the production process, post-production and script supervision. I enjoy taking on challenging projects, adapting to workflows and developing my storytelling skillset.
