

Ruby Clarke

Standby Art Director

rubyangelclarke1@gmail.com

07818154658

I am a conscientious person who works well alone or within a team. I am always keen to continue expanding my knowledge and experience. I have an adept understanding of what is required from the art department during prep and shoot; more importantly how to tackle any problems that arise during all of this. I am confident on set, being able to collaborate and communicate with other departments to maintain a high standard of production; as well as organisation within my own department with regards to prop handling and artistic continuity.

◆ **Key skills**

- On set art direction
- Set continuity management
