Lauren Fines-Allin

Art Department

FULL CLEAN UK DRIVING LICENCE

I am an Undergraduate student studying Film & TV Set Design with a genuine passion for bringing stories to life through design. My fascination with Set Design began several years ago, and I became involved in school productions to gain practical experience as soon as I could. I am a proactive and highly adaptable individual, open to working in any role within the Art Department. I am keen to apply the skills learnt in the first year of my course and I am now seeking work experience to continue learning from industry professionals.

Film & TV Experience

OCTOBER 2025
