I am in my second year of my BA in Television Production at Solent University, Southampton.

My most recent experience was working with SeeSaw Films at 3 Mills Studios, prior to that I bring experience of working on James Martin's Saturday Morning. I have also undertaken valuable work experience placements with ITV Meridian News, Sky News and Sky Sports and the Murray Parish Trust. I am Hampshire based, I have a clean driving licence, my own transport and I am happy to travel.

I have availability from February onwards alongside my university course. I am committed, personable and enthusiastic team player ready to help in any capacity. I am continuing to gather additional insights and experiences to help enrich my knowledge base and feed in to my future career in Television Production.

ADDITIONAL SKILLS AND INTERESTS

I am polite and personable with good communication skills, I enjoy meeting people from all walks of life. Alongside my passion for television, film making and photography I enjoy performing and collaborating with others. In my down time, I like to broaden my knowledge across all genres of television programming and socialising with friends and family.
