About Me

I am a kind, enthusiastic, dedicated tutor and chaperone with extensive experience teaching whole classes, small groups and individuals in a variety of settings. I have worked with children from the ages of 0 - 17, in both state and independent schools as well as on stage and set.

I have the ability to build rapport quickly, establish mutual respect and create a secure, positive environment in which children can thrive. My experiences in the classroom and on set have also equipped me with a strong ability to rapidly adapt to changing schedules and demands.
