## Skills

### **Post Production**

I am capable to a professional level with the editing software Final Cut Pro 7. I am Proficient with Adobe After Effects visual effects software. I have Experience with colour grading, foley studio work, audio mixing and compression techniques.

### **DSLR Cameras**

I am experienced with and own my own Digital SLR setup, and professional audio setup.

### **Broadcast Cameras**

I have experience operating and rigging various broadcast cameras in TV studios, live events and on location recording.

### **New Media**

I have built my own website and am proficient in Adobe Photoshop, InDesign and Logic Pro. I regularly incorporate various other media into my film productions and film promotion.

### **Music**

I am a keen musician, playing the guitar and composing electronically. I am fascinated by the relationship between music and film, and always get involved in the music for my productions. I have experience recording and mastering live bands, including my band 'SwordFish' which was signed to the German record label 'Onpa' in 2009.

I am a hard working, confident filmmaker, I am passionate about my work enjoy every project I work on. I strive to complete every project to the best of my ability for a client and for my own personal satisfaction. I thrive off creativity and enjoy working with and learning from other talented people.
