I have been a professional driver for the last ten years. I have Worked in the corporate sector as a executive driver, and also as an unit Driver to the TV and film industry. Over the years I have gained a good knowledge of both industries. I understand the needs of the production team that I work for and also the sometimes sensitive needs of artists and the private nature of the information that I may be entrusted with whilst working for them. I am very adaptable to situations that may arise and to schedules that may change at a moments notice. I currently hold a driving licence that has been clean for over 25 years as well as my PCO licence for London.
