An award winning Director, I graduated from King Alfred's College, Winchester with a BA(Hons) in Drama, Theatre and Television, before completing my MSc in Film and Television from Napier University, Edinburgh.

I have had the opportunity to work with people such as Academy Award Nominee Gary Oldman, Terence Stamp, and Robert Carlyle. I have had four feature films produced as screenwriter, including "Dead Fish" and "Open Water 2: Adrift aka Adrift" and worked for New Line Cinema for three years as screenwriter on the development project "Roofworld". I have guided new and experienced writers in their script work from idea to finished script in a supportive fashion.

I have directed, shot and cut documentaries, music promos, short films, and charity resource films. I was chosen as one of the directors on 2weeks2makeit 2012 and directed and cut the music promo "Million Piece Jigsaw" for the band DON'T MOVE! which was Runner-up in this year's competition. I directed, shot and cut the music promo "On My Way" for Ashli Parker Lee in Los Angeles in Sept 2012.

In 2013 I have just completed directing, producing and editing the 70min documentary "The Shadow Scheme" for Coventry Transport Museum, which will form part of their major national exhibition and is currently being considered for broadcast.

There are selections of my work on my websites, all of which have been shot and cut by myself:

I have also run workshops on filmmaking in the Saharawi Refugee camps in SW Algeria, lectured extensively at Central Film School, London from 2010-2012, and SAE Institute, and ran the Film Studies 2012 Summer School for MW Summer Schools at Roedean, England. This year, I shot and cut the 52min documentary "Personal Ghosts" as well as four short films for MW Summer Schools using only smart phone technology, the first course of its kind, which I created and ran for four weeks at Roedean in Brighton. Short films made:

I am based in Los Angeles, London and Warwickshire and I shoot on the 7D, but also happy on the 5D, and cut on Final Cut Pro 7. I am Mac based in my work and have my own editing facility.

I am a UK passport holder, have a current, clean UK/EU driving license, and a

current enhanced CRB.
