Working in and around Manchester and the UK for the past 7 years as a buyer ,art director , set dresser , photographic stylist and prop house manager , I have accrued a wealth of knowledge , experience on locations , and in studios . From DFS to BBC comedys , long and short contracts , I can adapt to all situations and budget requirements . I also enjoy making props to add that extra special touch .

Having years of experience managing Mary Propins prop hire I also have a vast knowledge of props and sourcing them economically .I love the challenge of finding props that do not exist !!!

Challenge is the fun and .variety of work , being part of a team and demands makes every job unique and I also make every job unique .
