- Digital SLR
- Full Dressing Kit

References

" I have always found Evannia extremely hard working and eminently capable. She has worked in the capacity of art department assistant, petty cash buyer and graphic designer. She is bright, intelligent and courteous. She has never been late for work or had a day off. She has always delivered everything we have ever asked of her to an extremely high standard. I could not recommend Evannia more highly. She's charming, very skilled, hard working and extremely diligent. Any art department would be very lucky to have her as part of the team."
