

HAYLEY MANNING

PRODUCTION MANAGER - LINE PRODUCER - POST SUPERVISOR

mobile: +44 (0) 7961799988

email: me@hayleymanning.info

[imdb: www.imdb.com/name/nm2247262/](http://imdb.com/name/nm2247262/)

I am a Production Manager/Line Producer and Post Production Supervisor with a solid background in feature film production from development through to post production and delivery. I have worked closely with crew and producers across a number of multi country European co-productions and more recently on UK based micro and low budget feature films with budgets ranging from £250k to £1.5m. Prior to going freelance in April 2011 I worked as Head of Production and Chief Operating Officer at Ipso Facto Films. My 9 years at Ipso were invaluable and allowed me to develop a range of production and business skills through the day-to-day management of their slate of projects and the group of companies.

Key skills/knowledge developed outside of production work include:

- staff/personnel management
- company/project cash flows
- project budgeting/scheduling including multi country productions
- company/project funding applications/claims
- set-up/management of test screening/film events and premieres
- company/project/film financial cost reporting
- tax credit estimations/claims
- set-up/management of film merchandising
- devising/management of film training programmes
- DCMS/UKFC/BFI British /European Convention certificate applications
