

# Luke Downing

## Filmmaker | Video Producer

### Introduction

I am an experienced and creative videographer, video producer and editor. I have credits shooting and editing for broadcast television, as well as producing, directing and editing wide-ranging branded and promotional video, social media content and music video.

### Experience

#### 4Studio | Freelance Editor

For the past five months, I have been working in the 4Studio team as an editor, and have gained a good understanding of the content produced and its goals.

#### Hewitt & Walker | Self-Shooting Producer / Editor

In this role, I have produced and edited video for international brands such as Addidas and Team GB Triathlon, as well as social media content for a whole host of clients, each with their own distinct tone and target audience. I love the challenge of adapting shooting and editing styles to fit each individual brief.

#### One&Other Creative | Head of Video

Working as Head of Video for this creative agency, my role included - Meeting with clients to develop briefs and film plans; Shooting and directing promotional films for global fashion brands, heritage sites, HE establishments and food brands; Editing all film content; Managing film budgets, crew allocation and sales.

#### Definition Media for Discovery Science | Shooter/Editor

Writing, shooting and video editing for broadcast TV using Canon C300 and Adobe CC software. The series, 'Wicked Inventions', was aired on Discovery Science, Discovery Asia, and Viasat.
