

Kyle Harper BA Hons

Clapper Loader/Camera Trainee

Mobile: 07881 221232 Email: kyle-harper@hotmail.co.uk

I am a quick learner, hardworking and passionate about creating films and images with high quality visual aesthetics. I have experience working on many genres and formats, such as music shows in full HD TV studios to Zombie films at 5AM in coastal towns. I consider myself to be a perfectionist, and take this approach towards every shoot I am on. I am fully committed and determined to take advantage of every opportunity to develop my skills further and progress in the industry; there's no job I consider too big or too small.
