SPECIALIST SKILLS

- Technical construction draughts-person. Accomplished in location surveying and model-making.
- Very experienced in large-scale set builds, from drawing to completion.
- Excellent relationships with Production Designers. Understanding, interpreting and supporting their creative vision.
- Enthusiastic rapport with Construction Managers and their craft teams.
- Successfully lead, supervise and co-ordinate busy Design and Construction departments.
- Responsibly and confidently manage Construction; Props; Vehicles and Graphic budgets.
- Thrive on research; breaking down scripts; compiling detailed prop-lists and schedules. Very competent set dresser.
- Good listener, team player and communicator. Respectful of others' values and beliefs.
- Practiced teamwork skills and building good relationships with Management and other departments.
- Calm under pressure. Problem solving; meeting tight deadlines; thinking on feet and prioritising.
- Experienced in Mac OS, Microsoft Office, Photoshop and Vectorworks.
- A very good local sourcing knowledge with a reliable network of contacts.
- Motivated, committed and self-driven.

ACTIVITIES

Enthusiastic about sports and its transformative power to improve physical and mental wellbeing. A relish for volunteer youth and homeless charity work, seeing it as an opportunity to give back. Passionate about education and supporting opportunities for growth to disadvantaged individuals, groups and communities with a focus on teaching self-empowerment skills. A visiting mentor for TV Design and Art Direction courses. A keen runner and open-water swimmer. Regular practitioner of yoga, pilates and meditation. Enjoy being in the mountains and amongst nature. Take pleasure in socialising and meeting new people. A longstanding appreciation of all the arts, particularly cinema; theatre; interior design; galleries and handmade craft.
