I have worked within the TV/film industry for over ten years. Skills range from working within Photoshop, Illustrator, Premiere Pro, set design/dressing, including prop making and costume design. I manage budgets, PO payments, liaise with production on clearances, and organise/execute photoshoots for action/dressing props. Experienced in both World War periods and contemporary computer/phone animation graphics.

Experienced with working in design departments within live studios, film, television drama and themed attractions.

Full, clean driving licence.
